SUBJECT: Update on TAG Meetings

DATE: October 26, 2007

On October 15, 2007, I forwarded the TAG members additional information on potential changes to the NCTPC Process. Based on the limited feedback to-date, I have cancelled the TAG meeting tentatively scheduled October 31st but I still plan to have the November 15th TAG meeting. Please continue to hold the afternoon of November 15th for a TAG meeting at the Electricities office in Raleigh. A memo confirming this TAG meeting date, time and location will follow at a later date.

I also want to remind you of the planned November 13th teleconference to discuss the newly proposed Inter Regional Participation Process. The call will be from 10am-noon (eastern). The dial in information for the call is as follows: Dial in # 1-888-654-2663 Access code # 4174107. The participating Transmission Providers encourage you to participate on the call and provide them your comments on this important subject.

If you are no longer interested in participating in this process and wish to be removed from the TAG distribution list, please use the Contact Information feature on the website (www.nctpc.org/nctpc) to let us know and we will remove you from the list.

The Participants and I are looking forward to your continued participation in the NCTPC TAG.
